

death hurts

Chapter 1 by SKYLAR BAKER

You probably think that death is an easy everyday thing. Well its true that people get killed every minute, but its also true that it hurts. Now your saying to your self that i sound like a guidance councilor that is trying to keep you from jumping off a building,or a idiot that doesn't know what he's talking about; but think about it, what if it was your mom or dad that died then would it hurt? It would hurt real bad, worst than losing a girlfriend on prom night, or your dog dying, or even finding out your wife is cheating on you. You may still think I sound like a guidance councilor but if I was a guidance councilor why would I be writing a story about death? So if you still think death is easy you can be an idiot its up to you but when death comes to your door or your grandparents door or even your best friends door don't say that nobody told you that it hurts like hell. Say that you where an idiot that thought that it didn't hurt.

Chapter 2 by Pkklogics the Third

That is when it happened. Death greeted my life, well not my "life" anymore. It is more of an odd friendship. If you could even call it that. It was the day before our wedding. Her and I, I and her. That was our life. We were a match made in heaven. Then I was sent on a booze run for the bachelor party. I smashed into a divider then fell into the river. The river of souls. You see that our town is built above hell. So the only river is the river of souls. And here I am writing this story for you! If anyone ever reads this, do not mourn my death, for I am better than before.
